SECTION Z – REVISION LOG

HEALTH, SAFETY AND ENVIRONMENTAL	Section A1A Policy for the Management of Quality, Health, Safety & the Environment	
PREPARED BY: J. Heleno	APPROVED BY: 	REVISION NO.: 3 REVISED: October, 2010 SUPERSEDES: January, 2010 Page 1 of 1

Everyone at Westlake is dedicated to the highest standards in Quality, Safety and the Environment. We are committed to delivering the utmost customer satisfaction to all our clients. We challenge each member of our team to dedicate themselves to these core values which have made Westlake a market leader today. We firmly believe our vision will guide us into the future.

POLICY

For the Management of Quality, Health, Safety and the Environment At Westlake

Westlake is a leader in the industry in the Supply, Fabrication and Assembly of the highest quality pipe spools, pipe supports, modules and customized skids. We achieve this by providing our employees with a healthy and safe place to work, while minimizing our environmental impact through understanding and controlling our processes.

We are committed to:

- Consistently meeting or exceeding our customers' expectations for product quality and our performance.
- Complying with applicable Codes, Standards, Laws, By-Laws, Acts, and Regulations.
- Communicating our objectives and our performance against these objectives.
- Ensuring all activities are planned and the outcomes are understood.
- Continually improving our Processes and Systems by empowering our employees to be proactive and innovative.
- Providing our personnel with the proper education and training in order to understand and implement our processes and procedures.
